Summer 2025

WRITING THE COLLEGE ESSAY

For Rising Juniors and Seniors

Join the Hudson Valley Writing Project for a workshop that inspires teens to write meaningful essays that convey their beliefs, experiences, and aspirations.

Working together, we'll study successful college essays, brainstorm topics, and transform our ideas into solid drafts as we give and receive feedback in a warm and supportive setting.

“I feel like I grew as a writer because I learned how to write about myself. I was able to open up and tell the reader who I am as a person and what makes me unique.”
