RANDOM ACTS OF KINDNESS
FOUNDATION
www.randomactsofkindness.org

Dear NPHS Families,

Each school has a vision statement throughout the district. In the high school ours is: "Caring, Connecting and making a difference." This statement can be seen throughout the school and on our letterhead, but it is much more than that. It represents the values that are important to our community. When we are in the classroom, halls and after school events it is the values we should be emulating. Conducting ourselves in a way that shows respect for your peers, staff members and building are simple ways to demonstrate those values.

For the last three school years students have been recognized for their citizenship through the Positive Vibe Awards. These are students that exemplify these standards. How we act towards others is a reflection on ourselves.

Sincerely,

*Kathleen Schneck-Suma
Acting High School Principal*

MATHLETES

Though our ranks were diminished due to illness, our Mathletes A team finished their season with another strong victory last Wednesday, competing with teams from Rondout, Saugerties, Kingston, and Red Hook high schools. We are sectional winners and will head to Regionals in March. Mason Eyler had a historic perfect season, with 30 out of 30 possible points, a first for our section. Congratulations to all the Mathletes!
