Dear New Paltz High School Families,

Happy Women's History Month. I am honored to be in the midst of wonderful women who are part of our school community. Women faculty, staff and students alike have been impactful through their strength, their power and their contributions. We are the benefactors of such brilliancy which is woven throughout the fabric of our school community. Thank you for sharing a piece of you with us each day. Let us remember to show our gratitude to all of the women that influence our being and contribute to our success.

With appreciation,

Samuelle
