

Wash & Care Instructions

FOR YOUR SUBLIMATED APPAREL

Step By Step

- 1. Turn garment inside out.
- 2. Machine wash cold dark colors seperately
- Do Not Use Bleach including any color safe bleach.
- Very important do not wash with any garments containing Velcro or abrasive fabrics
- Remove from washer immediately upon completion of the wash cycle.
- Hang dry on plastic hanger.
- 7. Iron on warm or delicate setting only.
- 8. Do Not Dry Clean.
- Do not use fabric softener

 softeners break down
 fibers and inhibit moisture
 wicking and anti-microbial
 properties of fabric.

Turn Garment Inside Out

DO NOT

No Fabric

Do Not Dry Clean

Iron Low (delicate)

Care Instructions

- EXTREMELY IMPORTANT Avoid ANY CONTACT with Velcro, skates, tools, or other abrasive or sharp objects. Garments should be stored in a seperate bag if stored with equipment.
- 3. **DO NOT** us iron on patches or decoration dye migration and/or color change can occur.

Important Notice

Sublimated garments have graphic designs and performance qualities that are highly desirable. Unfortunately an inherent property of all polyester garments and sublimated garments in particular is the potential for small picks and pulls. Due to the sublimated dye process these picks may be more visible than on regular dyed garments. This issue is not a material defect but rather a latent issue in all sublimated garments. Extra care should be taken.
